Balance Blocks: Which Side Goes Down?

Kindergarten-Grade 2 | Measurement | Comparing weight | Ink-Saver B&W

Learner: _____ Date: _____

Imagine identical blocks on a balance. Circle LEFT, RIGHT, or SAME to show which side would go down. Build the pairs with equal blocks if helpful.

3 BLOCKS | 5 BLOCKS

LEFT RIGHT SAME

6 BLOCKS | 2 BLOCKS

LEFT RIGHT SAME

4 BLOCKS | 4 BLOCKS

LEFT RIGHT SAME

1 BLOCKS | 3 BLOCKS

LEFT RIGHT SAME

5 BLOCKS | 2 BLOCKS

LEFT RIGHT SAME

6 BLOCKS | 6 BLOCKS

LEFT RIGHT SAME

Grown-up check: 3 vs 5-right; 6 vs 2-left; 4 vs 4-same; 1 vs 3-right; 5 vs 2-left; 6 vs 6-same. This works because every block is identical.
