How Plant Parts Help It Grow

Grade 4 | Plant science | Reading comprehension | Ink-Saver B&W

Learner: _____ Date: _____

Read: Roots absorb water and anchor a plant. Stems support leaves and move materials. Leaves use light, air, and water to make sugar. Flowers help form seeds. Answer from the text.

TRY IT

Complete all six prompts. You may write, point, explain aloud, or use a scribe.

1 **Which part anchors the plant? _____**

_____
