Seedling Plant Life-Cycle Order

Grade 3 | Plant science | Sequencing | Ink-Saver B&W

Learner: _____ Date: _____

Order the stages of a flowering plant life cycle. Use the science words seed, germination, seedling, mature plant, flower, and fruit.

TRY IT

Complete all six prompts. You may write, point, explain aloud, or use a scribe.

1 **What stage comes after seed?**

_____

2 **What stage comes after germination?**

_____

3 **Which comes first: flower or fruit?**

_____

4 **Put in order: mature plant / seedling / seed.**

_____

5 **Why can a fruit begin a new cycle?**

_____

6 **Draw arrows to show the cycle repeats.**

_____

Grown-up check: germination; seedling; flower; seed, seedling, mature plant; a fruit can contain seeds; final diagram returns from fruit or seeds to the beginning.
