Trace Around the Raindrops

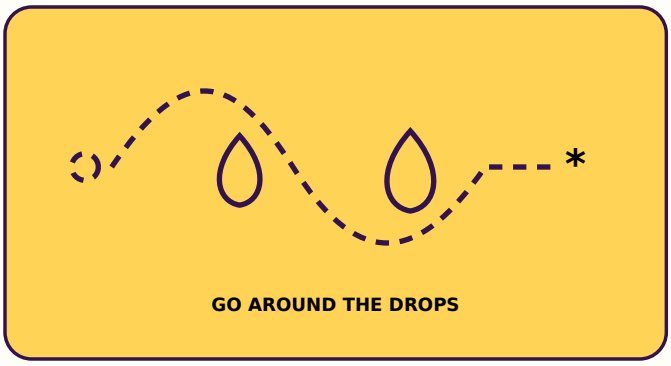

Preschool-Grade 1 | Pre-writing | Visual-motor paths | Color

Learner: _____ Date: _____

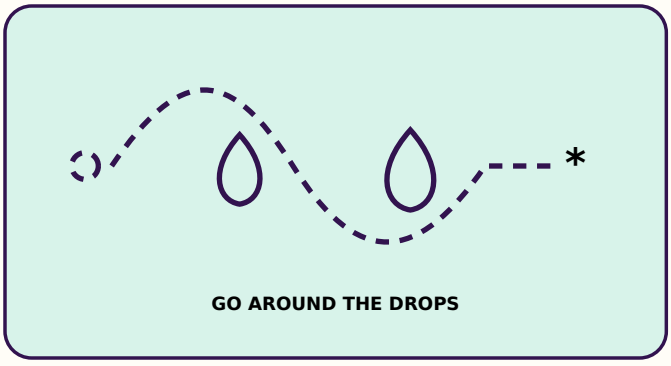

Start at the dot. Trace around each raindrop to reach the star. Use a finger, crayon, marker, eye-gaze, or helper-guided movement. Stop and rest as needed.

Grown-up check: Each path moves left to right around two raindrops. Accuracy is not required. Finger tracing, pointing, eye-gaze, or directing a helper are valid alternatives.
